

# AI for Nonprofits & NGOs

A pragmatic, resource-aware program that treats responsibility to beneficiaries as the starting point.

## WHO IT'S FOR

Nonprofits and NGOs — leadership, programme and operations teams.

## FORMAT

In-house workshop

## LENGTH

Half-day

## What your team walks away with

Stretch limited resources with AI across fundraising, programmes and operations — responsibly, without compromising the people you serve.

## Curriculum

- 01 Where AI saves a stretched team real time
- 02 Fundraising, comms and reporting with AI
- 03 Programme and operations support, done safely
- 04 Beneficiary data, consent and dignity
- 05 Avoiding harm: where AI should not decide
- 06 A resource-aware AI playbook and ground rules

## You keep

A resource-aware AI playbook and safe-use ground rules.
